## About us ...

Lovegroves is a traditional nursery specialising in rare and unusual trees and shrubs. To complement our trees and shrubs we also supply ferns, climbers and a few other choice plants that we just love!

We might be small but we aim to produce an inspiring collection of desirable plants. We currently have over 300 plant varieties available. Please remember not everything is always in stock despite our best efforts! We also may not always have it in your preferred size, but we are always happy to check the nursery beds and let you know what we have and haven't got.

## British-grown, Peat-free...

All of our products are potted in peat-free compost that's renewable, sustainable and endorsed by the RHS. The vast majority of our plants are grown on-site but those few that aren't are all British-grown and, where possible, locally sourced.

So, if you are passionate about the environment as well as your garden, there's no better reason than to get shopping with us!

### Email ...

Simply email with a list of plants, we will check availability and get back to you as soon as possible.

Please note we no-longer do mail order.

Orders can be collected from nursery by appointment, or from shows.

## Your order ...

**On receipt of your order**, we will check availability and confirm your order by email or phone. You will then be sent an invoice which can be paid by bank transfer or by card.

**Please note we no-longer do mail order.** Orders can be collected from the nursery by appointment. Alternatively, orders can be collected from shows.

If you would like to **collect your order from the nursery** then please book a pick-up time when your order has been confirmed.

If you would like to place your order to **pick up at a show** then please let us know. A list of shows that we attend during the season can be found online. We would ask that you place your order at least 5 days in advance, if possible, as we are likely to be very busy in the run up to shows.

## Browse our plants ...

We have listed our plants in alphabetical order for simplicity.

Where there is more than one pot size available we have noted their separate prices. We hope you find something that's of interest.
